

Stockpiled with **expired** Meds?

Go with MedFlats!

MedFlats is the complete environmentally friendly way to return and dispose of your expired medications. If your facility stocks C2-C5 medications MedFlats® provides a safe and responsible outlet to properly manage those medications. Our simple process and instructions guide your staff from

start to finish. Plus, our customer service department will answer any questions you may encounter along the way. Contact your distributor today to see why so many facilities are adding MedFlats® to their supply cabinet!
